Hi Audrey and John, FYI that I sent this email to Mike and Susan asking if they'd like me to be the lead on these items or not and to let all of us know who should be doing what. Crossing my fingers that this will make things clearer for us. FYI on #2 below.

Mike and Susan – two unrelated NPDES topics:

1. Attached above is the letter to Ecology. I emailed the cc:s this morning. I did just realize that it should have been titled Columbia River and Lower Snake River to include Grand Coulee. Should we send another letter to clarify?
2. Dru's tasks – Audrey and John have come to me for several duties that Dru did, but haven't been officially assigned. Can you let Audrey, John, and/or me know how you want these duties assigned?
 - a. Permit application withdrawals – Jenny lead
 - b. Permit terminations – no lead
 - c. Permit application reviews – no lead
 - d. Reminders to permittees to apply for permit reissuance – no lead
 - e. Transfer of ownership – primarily ID aquaculture permits, Lisa and Dru worked together

Subject: 401 extension letter

Hi Melissa, Vince, and Ellie,

Attached above is our letter granting Ecology's request for an extension on the 401 certification for the Lower Columbia and Lower Snake River dams and Grand Coulee Dam signed on Friday, December 14. Feel free to let me or your EPA counterpart know if you have any questions or would like to discuss more. Thanks! - Jenny
